WELCOME TO MY DOOR

- Today I will learn about **COLLAGE** so that **I CAN** create a layered representation of a **DOOR** out of paper.

- Today I will learn about **SHAPE** so that **I CAN** cut **GEOMETRIC** and **ORGANIC SHAPES** out of paper for my **DOOR COLLAGE**.

- Today I will learn about **TEXTURE** so that **I CAN** create **TEXTURE** in my **COLLAGE** by using different materials and drawing different types of **LINES**.
