FUGGLER™
FUNNY UGLY MONSTER

Fugglers are funny-ugly monsters that will warm your heart and take over your life with their mischievous antics and straight-up bonkers appearance. Each Fuggler is out to cause chaos wherever they go... You can recognise these creepy creatures with their human-like teeth, vacant eyes, disturbing demeanour and distinctive BUTT-on hole!

Supplies

- 2.4" big eye embroidery needle
- 12mm Half Round Doll Eyeballs
- Buttons
- Fabric, preferably felt or a thicker fabric
- Embroidery Thread
- Pillow Fluff
- @artwithSusie hand stitching handout (TPT)
- Fuggler Map (Provided)

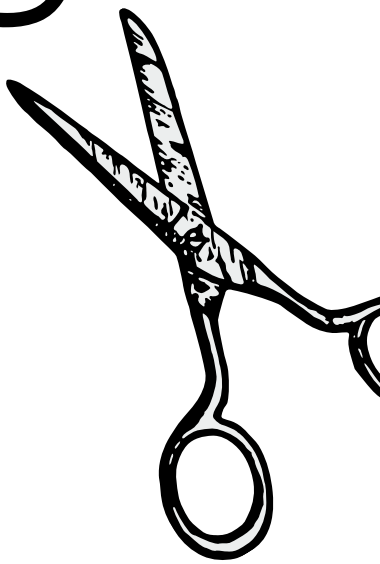
Steps

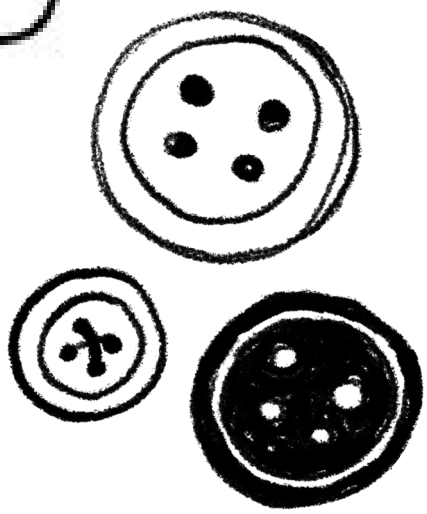
- Took 2 classes to practice stitches on ArtWithSusie's TPT stitch handout
    - Students have to know to how thread and knot their own supplies before they can start their Fuggler
    - If they finish early on the 2nd day, they need to design their Fugglers front and back. We look at the Fuggler website for inspiration first.
- Once their design has been approved by me, they can pick their fabric.
- Students cut out their paper template & label each side 1 & 2 or a & b. Students then trace each side of the template on the fabric.
- Before the two sides can be stitched together, all of the face details and button butt need to be stitched on first.

Cut circle size of a quarter from felt, fold in half & cut a slit in the middle. Sew 3/4's of the circle onto the face, insert the eye & finish the stitch around the eye.

Teeth should be sewen into the mouth & the mouth sewen onto the front

If adding a tummy or other details on the front, sew them on first.





All Fugglers have a button butt. On the back side of your other template, sew a button onto the back.

Steps

- Once all of the details on both sides of the Fuggler have been added, the two sides can be sewen together.
- I recommend a whip stitch reminding them to keep the stitches spaced evenly.
- Leave a small gap to stuff the Fuggler. Use a dull pencil to help help get the fluff into the arms, legs and ears.
- Stitch up the opening, photograph on Artsonia & fill our the Fuggler Fact Map.
